## Report

### **Institutional Best Practice: Collective Energy Generation through Choral Singing**

#### **Context**

At Government Degree College Majheen, a unique initiative was implemented to foster unity and enhance the collective energy of the college community. This practice involved the entire college- comprising 120 students and 15 staff members-participating in fortnightly choral singing sessions.

#### **Objectives**

1. **Enhance Community Cohesion:** Strengthen the bonds among students and staff through shared musical experiences.
2. **Promote Cultural Appreciation:** Encourage engagement with diverse musical traditions, including hymns, songs, pahari songs and bhajans.
3. **Boost Collective Morale:** Utilize the energizing effects of group singing to uplift the college community.

#### **Implementation**

##### **1. Selection and Distribution of Songs:**

- The music teacher selects appropriate songs, hymns or bhajans that resonate with the college's cultural ethos.

- Lyrics are distributed to all participants in advance, ensuring everyone is prepared for the session.

## 2. **Guidance and Practice:**

- The music teacher provides guidance on melody, rhythm, and pronunciation through brief practice sessions or instructional materials.
- Participants are encouraged to practice individually or in small groups before the collective session.

## 3. **Regular Choral Sessions:**

- Every month, the entire college gathers to sing the selected piece in unison. However, it is proposed to conduct these sessions fortnightly in future.
- These sessions are scheduled in post-lunch session or designated cultural periods.

## **Outcomes**

- **Enhanced Unity:** Regular choral singing has fostered a sense of belonging and camaraderie among participants.
- **Cultural Enrichment:** Exposure to various musical forms has deepened cultural appreciation and understanding.
- **Elevated Energy Levels:** The collective act of singing has invigorated the college atmosphere, contributing to a positive and dynamic environment.

## **Conclusion**

The practice of collective choral singing at GDC Majheen exemplifies an effective institutional strategy to harness the unifying power of music. By integrating this practice into the college's routine, the institution has successfully co-created a vibrant and cohesive community, setting a commendable example for others to follow.
